Itinerary

DAY 1: FLIGHT TO LOFOTEN

There are good connections with airlines such as Norwegian or SAS to Evenes Airport (Harstad/Narvik). Upon arrival, we will pick up the rental vehicles and head to our cabin, which is about a 2-hour drive away. We'll make a stop along the way to shop for basic groceries at the supermarket.

Accommodation: Cabin

DAY 2 TO 7: SKIING IN PARADISE

Each night, the whole group will go over the different proposals and nearby mountains to decide, together with the guide, on the best plan that suits everyone for the following day. Most of the peaks are over 1,000 meters high, and it's worth noting that we start skiing right from the beach. Some of the most popular peaks in the region include: Pilan, Torskmannen, Kvittinden... If the group wants, one evening we can go for dinner or have a few beers in Svolvær, the capital of Lofoten, located about 20 minutes away by car.

Accommodation: Cabin

DAY 8: RETURN TO EVENES AIRPORT

On this final day, we'll pack our bags and leave the cabin early to drive to the airport and catch our return flight.

Accommodation: Cabin

EXTRA DAYS: SKI EXTEND TRIP LENGTH OPTION.

For full groups (minimum 6 people), departure days, route, and trip duration can be customized. Don't hesitate to contact us. The itinerary is indicative and will be adjusted based on weather, avalanche risk, and group level to ensure maximum safety and enjoyment at all times. Meals will be adapted to the ski route. We'll also combine skiing with other exciting activities such as sauna, ice bathing, cod fishing, or simply exploring the stunning Lofoten landscapes, including endless sunsets and northern lights (depending on the date).

FAQs

What average level is required?

For this Ski Touring trip, you must have a suitable level of off-piste skiing and have previously participated in some ski touring activities (randonnee/ski touring). B4Experience organizes open weeks by grouping individual travelers by physical and technical level, so that you share the route with people of similar ability and enjoy a consistent experience. Don't hesitate to contact us so we can jointly assess whether you have the right skiing level. If you already know you enjoy skiing far and on steep slopes and are looking for a challenge, we recommend coming with a group of friends (minimum 4 people recommended) and reserving an entire mountain hut for yourselves. Weather and snow conditions will, of course, determine what and where we ski. We can adapt the level to your wishes and skill level.

Can I join on my own and what is the group size?

Yes. Solo travellers can join open groups with no extra charge; you can also book the entire cabin privately with your group of friends and enjoy a private experience. The group consists of 6-7 clients plus one guide.

What is the best time to enjoy ski touring in Lofoten?

The programme runs from February to April, the window with the most stable snow, good daylight hours, and a high chance of Northern Lights.

How much does it cost and what are the accommodation options?

Two options: standard cabin (BUDGET) from €1,750 and exclusive cabin (PREMIUM) from €2,050 per person (base price for 7 days). The premium cabin features an outdoor hot tub and many extra comforts, with sea and mountain views from the living room.

How do I get to the starting point and is the transfer included?

You fly to Evenes (Harstad/Narvik) via Oslo with Norwegian or SAS; from there, we pick up the vans (included) and drive around 2 hours to the cabin.

How are meals organised and can they be adapted to special diets?

A group grocery shop is done upon arrival and the cost is split among the participants. If you have allergies or dietary preferences, you can indicate them in the booking form and they will be taken into account. A DELUXE package is available as an extra, which includes all meals and a private cook.

What happens if the weather prevents skiing for a day?

The itinerary is flexible: the guide may relocate the outing to more sheltered mountains or suggest alternative activities (sauna, cod fishing, visit to Svolvær). Safety always comes first.

What's the difference between the "Ski Lofoten – Cabin" and the "Ski Tromsø – Lyngen Alps" programmes?

The trip to Lofoten is scheduled from February to April, when the Arctic winter still holds cold powder snow and daylight hours are already long enough to make the most of the day. You fly to Evenes (Harstad/Narvik) and stay in a cabin near Svolvær by the sea, from where we head out daily to the mountains that literally rise from the shore. The Tromsø programme, on the other hand, runs from April to May in the Lyngen Alps, taking advantage of the spring snowpack and the extremely long daylight hours (almost midnight sun). The entry point is Tromsø airport, from where we transfer to the Lyngen Fjord to ski higher peaks and accessible glaciers. In summary, both itineraries seek out the best snow available at each point in the season.

What is the trip cancellation policy?

You can cancel without penalty within 24 hours of booking. If you cancel more than 60 days before the trip, you'll receive a 100% refund. Between 60 and 45 days in advance, a 50% refund applies. No refunds are issued for cancellations made less than 45 days before departure. In all cases, a €250 administrative fee is applied, and any non-refundable expenses already issued (such as flights or insurance) will be deducted. If the minimum group size is not met, you may choose to receive a full refund or keep the amount as credit for a future trip.

What if I don't have all the ski equipment or safety gear?

We can help you rent technical equipment in Norway if you let us know in advance. It's mandatory to bring a DVA, a shovel, and an avalanche probe, as well as crampons if you're using a splitboard. You'll find a detailed list of recommended equipment on our website so you'll have everything you need and travel with peace of mind.
