Itinerary

Option 1 : Semi-private groups

Our semi-private groups consist of two groups of four participants each. The adventure covers five days of heliskiing and offers two different ski packages in the South, North, and Massif Annapurna regions. Descents vary from 700 to 1,500 vertical meters. Helicopter flight time is set at 12 hours for Annapurna South and Massif, and 15 hours for the combined Annapurna South, Massif, and North package. We operate with an Airbus H125, also known as AS350 B3 and AS350 B3e. Each group of eight participants is guided by two expert guides.

Accommodation: 5-star hotel

Meals: breakfast + lunch + dinner

Option 2 : Private group

Private heliskiing trips are designed for small groups of up to 3 people. The package includes 5 days of heliskiing with 10 hours of helicopter flight time. Each descent offers slopes ranging from 700 to 1,500 meters. We use the Airbus H125, also known as the AS350 B3 and AS350 B3e. Two ski guides will accompany the group. The main skiing areas are in the southern and northern regions of Annapurna, as well as in the Annapurna massif. Skiing in more remote regions, such as Everest or Humla, depends largely on the weather conditions of the season. The exploration of new areas is reserved for Explorer Club groups, which focus on pioneering first descents. These packages are tailor-made and include 12 hours of flight time.

Accommodation: 5-star hotel.

Meals: breakfast + lunch + dinner.
