Itinerary

DAY 1: ARRIVAL AND BRIEFING

Arrival at Tbilisi International Airport. Our transfer service will pick you up and take you along the picturesque Military Road, passing through spectacular landscapes, to Gudauri (approx. 2 hours). Upon arrival, check in at the Marco Polo Hotel and participate in the safety/orientation session (presentation of risks, rules, equipment). If you arrive late, the session will be postponed until the next day before heliskiing.

Accommodation: Hotel.

DAYS 2-7: HELISKIING

After a hearty breakfast at the hotel, the day begins with arrival at the Heliksir hangar at around 9:00 a.m. (the schedule may be adjusted at the discretion of the guide team). Once there, we check the equipment, organise the groups and prepare for the day ahead.

At approximately 9:30 a.m., the first helicopters take off for the virgin snow areas, selected based on the conditions and safety of the day. All groups usually fly to the same sector, although each guide adapts the pace and terrain according to the level of the group and the type of experience contracted.

At midday, the different groups meet up again at a location strategically chosen by the guides: a convenient spot with spectacular views where lunch is served in the middle of the mountains.

In the afternoon, after enjoying multiple descents, we return to Gudauri between 3:00 p.m. and 4:30 p.m. The rest of the day is free to relax at the hotel, enjoy the spa or go out and explore the local cuisine at one of the traditional restaurants in the area.

Accommodation: Hotel

Meals: Breakfast + mountain lunch.

DAY 8: RETURN

On the day of departure, you can have breakfast and then you will have some time to pack your luggage. After checking out of the Marco Polo Hotel (check-out time is 12:00 noon), you will be transferred from Gudauri to Tbilisi (international airport or, if applicable, a hotel in the city).

Meals: Breakfast.

Payment and Cancellation Policy

Initial booking: To secure your spot, an initial payment of 30% of the total trip cost is required at the time of booking.

Final payment: The remaining balance, equal to 70% of the total, is due no later than 60 days prior to the departure date.

Extras: Additional costs such as insurance, flights or optional services must be paid in full when booking.

Cancellation insurance: Customers may purchase travel cancellation insurance to recover the full amount paid (according to the policy conditions).

The traveler may cancel the booked trip and will be entitled to a refund of the amounts paid, except for the specified penalties. However, once the trip has been confirmed, the traveler must pay the agency the following amounts.

Cancellation Policy SPECIAL:

- Full refund within 24 hours of purchase.
- Up to 60 days before the trip: 70% refund of the trip price.
- For timeframes shorter than those described: no refund will be issued.

*If any other non-refundable expenses have already been incurred/issued, they will not be refunded and will be deducted from the total refund amount.

*The cancellation cost for already-issued flight tickets is 100% of the ticket price.

Guaranteed Vertical Metres and Refund Policy Our Multi-day heliski packages come with a guaranteed amount of vertical meters. Poor weather conditions or other operational factors preventing safe flying/skiing may sometimes cause the company to cancel a day or part of the program. In this case, the vertical metres you would have missed remain in your package and you may have the chance to use them in the following days. If the amount of Guaranteed VM is not reached by the end of your package, then you will receive a refund for the un-skied vertical metres at a rate of 150 Euros per 1000 metres. The refund is calculated based on the difference between the Guaranteed VM and the vertical metres actually skied during your package. If you reach the amount of vertical meters included in your package before the end of the Multi-day program, and you would like to keep skiing, you can purchase additional vertical meters at a rate of 150 EUR per 1000 meters per person.

Important note regarding refunds Guests are expected to be in suitable physical condition to complete the program included in their package. No refund will be issued if illness / injury / poor fitness or any other personal reason prevents you from completing the number of runs purchased, or the guaranteed amount of vertical metres, or the amount of flying time allotted to your specific package. If you choose to stop skiing earlier than the rest of the group, or to skip some runs, or to miss a day for any reason, you will still be attributed the same amount of skiing as the rest of your group. Applicable refunds will be issued in the same manner as the original payment was made. For packages booked through a travel agent or a tour company, the refund payment will be issued directly to the same agency.
